RE: A Dangerous wired prison situation!

LAST JUDGE: Judge Langley

Dear Presiding Judge

I'm in danger daily by officers and inmates. Mostly officers because of them trying to create options for themselves. I wasn't wired for them to create themselves a pay check or option to have me for themselves and not to care what happens to me now and later. Especially after so many freedom options during the week and then on saturday visits. I was forced back from several options by these same officers. Rank included. I was instructed to jack slots, showers and rec's and then injured by these officers intentionally for no apparent reason. Worse is they refused to unwire me even to begin any of these options. How many options can be created from the same case???? In State and Federal courts I've had hourly monthly and minimal year sentences for the same case!

That was in 2009 and I could've paroled or went free by now several times. There was testimony that never came up at trial that was corroborated from people that never got to speak for various reasons. NOW; some witnesses may have been tampered with or have simply changed their stories or evidence may be being withheld. Sadly some people whom spoke on my case is a problem because they instructed or paid rank/officers to oleave me here during legal visits until they could create and guarantee them a settlement. The Tucker case was brought up which happened in 2001 and options for me to do time for it were created and I had nothing whatsoever to do with it. (Never areested nor charged either) Yet I fought w/ and defended several completely diff. people on or about the same date. Worst yet is the coufts threw out my case from 2002 which is 03-0001-CRF-85 and then I was held for these people to re-investigate Tucker '01 again which came up from other peoples statements who simply saw me in danger and did not know what happened themselves. I had several options to go through Brazos county and did as instructed and jacked slots, stayed in shower for 8 or 9 hours before or held a slot open for 2 days straight and then

did not get picked up from Brazos county due to TDC officials most times. EX: Judge Langley gave me a 1 hr sentence and hospital visit & the county to dispatch and pick me up to be released w/ settlement and I did as instructed and jacked for it several times!

I've suffered severe malfeasance during this situation such a severe bleeding and the refusal of medical attention after getting cut in slots or w/weapons and getting gassed for two days straight without a real provocation.

A while ago I ~~WEEK~~ went to a legal visit with an attorney and psychologist and the courts ruled in my favor (C.C.A. I think) and granted me a month in the world and a 3 month misdemeanor sentence and every one on unit was allowed to listen and afterwards I was forced back to a cell by a Sgt. named Youngblood claiming she wanted me for herself and a settlement for herself. She isn't a part of my case and I felt it wasn't right to stop me from a granted ruling to walk out front door w/ attorneys for such a reason and now cant even speak on my freedom right now. This is a grave mis-justice. Rank nor officers should've been allowed to take my freedom like that.....

Both Judge Langley, Bill Turner (DA) and Jarvis Parsons (DA) from said county made options for freedom with settlement not long ago. All I should've had was one or the ~~XX~~ other. This has happened while on Jester 4 unit also when I was forced back from the same type of options over there also by diff officers the same way. Some officers and rank claimed they wanted me here to look for money or enjoy money that people have spoken about during this situation. Some rank even claimed they simply didn't like me or my family. Thats no reason to tamper with my case or freedom.

\*PLEASE SEE FILED PAPER WORK ENCLOSED\*

REMEDY: Make option for relief through county jail. Brazos county preferably  
Sincerely,

MARCUS DRUERY

TDC is continually trying to give time or plea bargain for a case called '01 that I was never arrested nor charged for which is not legal. I'm innocent of all charges based on that case. I've been held here and abused after my case I came to prison for was thrown out several times. There was new evidence statements, ~~new~~ withheld evidence, innocence, self-defense and danger overly that did not come up at trial. There was no reason to bounce me back to '01 after I had been supposed to be released and then back to '02 when I was about to be released on it. '01 was never mine and I never knew Tucker and was never even a witness. (Tucker is the supposed deceased in '01) My case needs to be thrown out or ruled upon asap please. If this isn't about my case then release me please b/c the courts gave me freedom on it but I wasn't released & being wired creates real danger.

Several officers want me here to proclaim me guilty without knowing either way in order to find a settlement for themselves and claimed now wanted to get locked up or charged for assaulting me over and over in slits ect ect (tortured in cell, trams w/ camera; ect) and then hindering my freedom and forcing me from ruled upon legal visits when there were small sentences granted.

Worse is they put me against others intentionally all the time and create years worth of danger ~~unmatter~~ what unit I go to. They asked me did I have back up protection after they forced a problem to ensue. w/ other inmates & Even on other pods.

The danger in this situation is to great. They've already caused bodily harm intentionally on several different occasion without reason. Please grant freedom!

I've had several diff. options for several years worth of investigations and was not guilty of it. I had settlements for each ~~month~~ and jacked slots, showers, rec's and visit rooms (per my instructions) & receive one or the other. I've rec'd none of them! I simply request my freedom w/ settlement cause I was forced back from freedom and innocence over and over. I was then given a short sentence for guilt and still never received that either. It was the states invention to have me stay at a visit room table, day room shower or hold a slot to receive either of several options and instead only received injuries and suffered malfeasance, torture and misfeedings only to still be wired in a cell after I could've went home from prison by now from 85% of said options. The main problem was that they threw out one case and the tried to make me guilty for another instead of releasing me on the ones they threw out. Then they found that I was innocent. I've jacked over 100 times only to receive neither option and only stayed bouncing back & forth between cases that's already been ruled upon or thrown out! Never before in the history of TDC has any had their case thrown out and then held in a cell while it was attempted to be given back over and over. If you look at it from a legal standpoint you'll see a grave injustice and a very harsh mis-use of a wired cell situation. The saddest part was I had complete freedom options w/ slots jacked or tables jacked and didn't receive them simply because rank claimed they didn't know how to walk me out. It should've been simple. I'm simply doing day for day right now and should've been free long ago and worse yet is my cell is still wired; meaning they're still investigating when there is no more to investigate or capitalizing. No man is supposed to stay wired against his will and even more so wired this long. (since '08) I shouldn't have to jack anything else to receive my freedom especially after these investigations were already made.

Freedom with settlement needs to come to pass asap please!!! They have time to contact the proper authorities or parties to bring that to pass during the week before visits like it was done before or contact same Judges as before.

~~This situation is a very grievable issue because according to the rule book~~  
~~I am in TDC with a most serious problem. The last grievance I sent in said~~  
~~this isn't a grievable issue. (11-3-10 Grievance #2011039819)~~  
~~I AM WIRED IN PRISON!!!!!!!!!!!!!!~~  
~~#2. I've been presumedly wired since Nov 2008 and may be in more danger simply~~  
~~due to that.~~  
~~#3. The courts ruled on my freedom several times during this situation. (Actual~~  
~~attorney visits included) Also by jacking slots, dayrooms and or visit rooms.~~  
~~Question: What courts have ruled since I came back here in July/Aug 2010 from~~  
~~Jester 4 unit? Can I have my freedom back asap? NOTE: I only came back because~~  
~~my safety was at hand after a few assaults & rank claimed Polunsky the only~~  
~~unit I could go to and I wasn't here for the death penalty. I didn't have the~~  
~~death penalty on J4 unit and shouldn't have been given the death penalty back~~  
~~just because I came back to this unit.~~  
~~#4. I beleive that by being here I have to have some kind of speedy ruling~~  
~~or appealleate and I'm being held in limbo because officers do not want me~~  
~~to be innocent based on all the assault/attacks and injuries and them forcing~~  
~~me back from freedom options and inmates wanting my case to help theirs and~~  
~~wanting me or my case to end the daeth penalty. People started saying I ain't~~  
~~innocent for their own specific purposes and they're not witnesses...~~

#5. They're continually investigating overly and holding me incarcerated while doing so is dangerous to myself and others. Especially when it has nothing to do with my case. Several people corroborated testimony on my case and it brought forth new evidence, statements and freedom. (Such as testimony not in trial because witnesses didn't speak and the use of several weapons instead of them claiming one weapon at trial)

Action Requested to resolve your Complaint.

Please grant my freedom because the constant dangling of my freedom in my face has become a serious pain and suffering and a form of torture. Especially after so many freedom options and short sentences have passed by while being held until they can be taken away or forced from them by false law suits, threats and TDC personnel.

IF I cant leave this unit w/ freedom intact then my county judge needs to be contacted. They need to dispatch asap b/c TDC disallowed me to leave based on TDC wanting me to fight continuously w/ teams or officers based on TDC creating or continuing danger that was impossible for me 2 clear myself just by keeping me wired post my 1st freedom option. TDC claimed I needed to jack just to leave to those many options I had and I jacked a 100 times while still being forced back into a dangerous wired prior situation. Being unwired & not released will only end my life. I sat in a cell w/ no case or small sentences like 8hr or 6wk sentences. (hourly & weekly sentences) and still wasn't released. Free me asap! The State (or whomever is running the wires) has gotten me into it w/ over 17 to 20 people in one week. (November 7-19 2010) And several people in one day (11/11/15). I do not need any more danger to my life. Please unwire me and give me my option please. Thank You!

NOTE: I have been hit several times and this situation only creates more hits and danger. After being unwired I could only be hit seriously or killed. Why are my freedom options not being addressed? I've had many options over the last years so can I actually receive one?

I was being forced to J4 regardless even though I didn't want to go to Houston County jail to be released instead of J4 but was sent to J4 anyway by a sergeant who said he needed copies of my legal work and for Regina Kelly to lose her option and attorney kit. I also had a 3hr sentence. I was forced back here because this was supposedly the only unit I could go to due to wires/resent situation and I had gotten stabbed on 3 different occasions and I was on J4 for 6 months. I had stay at table options / slot jacking options over there also. I was not sent back here to have a death sentence nor a life sentence, so it was probably wrong to send me to level 1 over here and I was I couldn't be unwired over there. I could've went thru G.P. quickly or Ad seg. Wires need to end and Freedom be
